

CHIPPEWA COUNTY 4-H/FFA QUALITY MEAT ANIAML PROJECT COST FORM

First and Last Name of Member _____ Project Year _____

Club/FFA Chapter _____ Grade in School _____ Age _____

Number of years in Chippewa County Quality Meats Animal Program _____

Project Goals & Planning

Please list at least two goals for your project this year

My goals for this year:	What I need to accomplish these goals:	Did I accomplish these goals? (Yes or No)

Where will you get your project (bred & owned, breeder)? What factors will you consider when selecting your project (breed, age, price, etc.)?

List a couple of potential buyers. _____

In a few sentences, describe how you plan to approach these buyers:

QM Sale Animal Results					
Animal ID	Final Weight	Market Price	QM Sale Price	Ending Market Value (A)	Ending Value from Sale (E)

Equations:

Ending Market Value=Final Weight X Market Price.
Ending Value from Sale= Final Weight X QM Sale Price.

Market price per pound value can be obtained at the fair
